A Sub-Fund of BA³ STRATEGIC INVESTMENT SICAV, ISIN LU2207643896
This Fund is managed by Adepa Asset Management S.A.

Objectives and Investment Policy

The Sub-fund is actively managed. The investment objective is to achieve medium term capital increase by applying different investment strategies within a wide range of asset classes, in line with the risk budget. The allocation will be made from time to time in an opportunistic manner; for this reason the investment focus may change in the short term.

The Sub-Fund can invest with a global approach in the following asset types, either directly and/or indirectly through UCI/UCITS including ETFs: Listed equities and bonds (including but not limited to convertible bonds, high yield bonds, fixed-rate or floating securities, zero-coupon bonds and treasury bonds), money market instruments, deposits and repurchase agreements. Furthermore, the maximum exposure to the non-investment grade bonds is 50% of the total net assets of the Sub-Fund and for the non-rated bonds, is maximum 15% of the total net assets of the Sub-Fund.

The resulted Sub-Fund duration shall not be greater than 8 years. The value will be calculated as the average duration of the bonds directly held in the portfolio. The Sub-Fund will invest more than 10% of its total net assets in other UCITS. Financial instruments will be mainly denominated in EUR or in currencies of OECD countries. No more than 30% of the value of the Sub-Fund may be invested in financial instruments denominated in non-OECD currencies. ETC are allowed up to 15% of the net assets of the Sub-Fund.

For both hedging and investment purposes, the Sub-Fund may use financial derivative instruments products traded on a regulated market. In particular, the Sub-Fund may at all time take exposure to derivatives on any eligible underlying, such as equity or bond indices, transferable securities, interest rates and currencies, at all times in compliance with the Grand Ducal Regulation.

The Sub-Fund is managed with reference to a benchmark (hurdle rate), the FTSE MTS Ex-Bank of Italy BOT Index plus 100 bps to generate the performance fee. The benchmark is not used for investment purposes and the investment strategy of the subfund may deviate significantly from the index.

The Sub-Fund issues only accumulation shares (shares in which any income earned is added to the share price).

The Share Class's currency is EUR. The Sub-Fund's reference currency is EUR.

Designed for Investors who understand the Fund's risks and who have an investment horizon of at least 5 years.

This Fund is quoted on a daily basis.

Risk and Reward Profile

The risk/return indicator shows the correlation between risk and returns. Historical data may not be a reliable indication for the future. The risk category shown is not guaranteed and may shift over time. The lowest category does not mean 'risk free'.

The risk category of the Sub-Fund is 3 and is calculated from historical data or simulated historical data of the underlying securities when the real data is not sufficient. Past performance is not necessarily a reliable indicator of the Sub-Fund's future risk and reward profile.

The following risks may materially impact the Sub-Fund but are not captured by the indicator:

Credit risk: The default of the issuer of a debt instrument held by the Sub-Fund.

Liquidity risk: Securities in the Sub-Fund may be sold below their valuation due to insufficient liquidity in the market.

Counterparty risk: A counterpart may fail paying the proceeds related to the sale of securities by the Sub-Fund or may fail delivering the securities purchased by the Sub-Fund. A counterpart of the Sub-Fund in an OTC derivative may fail satisfying its obligations towards the Sub-Fund at any event of the OTC derivative agreement.

Operational risk: Failures or delays in operational processes may negatively affect the Sub-Fund.

Derivatives risk: Derivatives may be used to increase, lower or maintain the risk level of the Sub-Fund. The derivative strategy may fail resulting in significant losses for the Sub-Fund.

Currency risk: Exchange rate fluctuations may negatively affect the value of the Sub-Fund's investments.

Event Risk: The overall value of all types of investments may be affected by devaluations, political and governmental interventions in relevant markets or irregular and sudden market fluctuations.

The above mentioned list of risk factors is not exhaustive. Other factors may influence the pricing of the underlying securities and therefore the value of the Sub-Fund's investments.
