BA³ STRATEGIC INVESTMENT SICAV - INVESCO REDDITO A, EUR

A Sub-Fund of BA³ STRATEGIC INVESTMENT SICAV, ISIN LU2207642906
This Fund is managed by Adepa Asset Management S.A.

Objectives and Investment Policy

The Sub-Fund is actively managed. The investment objective is to achieve capital appreciation and income while at the same time preserving the capital over the medium and long term. "Reddito" represents the need for "income" to which it responds through a balanced portfolio allocation in terms of asset classes.

The Sub-Fund can invest with a global approach in the following asset types indirectly through UCI/UCITS including ETFs in the Invesco fund range only:

- i. Shares/units in UCITS within the Invesco Funds range of collective investment schemes.
- ii. Shares/units in exchange traded funds (ETF) within the Invesco range.
- iii. Shares/units in exchange traded commodities (ETC) within the Invesco range.
- iv. The maximum indirect exposure to the fixed income is 75% of the total net assets of the Sub-Fund (with a maximum exposure of 50% in High-Yield Bonds on a look through basis).
- v. The maximum indirect exposure to equities is 35% of the total net assets of the Sub-Fund on a look through basis with a target of keeping the exposure to equities at 30% most of the time.
- vi. The portfolio will be global in nature and the majority of its assets are going to be indirectly invested in equities and fixed income instruments of developed markets, in particular of the United States and Europe. A material, but still a minority portion of the portfolio (lower than 30%), can be indirectly invested in Emerging Markets. The Sub-Fund's theoretical maximum indirect exposure to China will be 12%, while the maximum indirect exposure to Russia will be 5%.
- vii. Financial instruments will be mainly denominated in EUR or in currencies of OECD countries. No more than 30% of the value of the Sub-Fund may be invested in financial instruments denominated in non-OECD currencies. Overall exposure to non-Euro currencies cannot be higher than 70%. Asset allocation and portfolio management aim at keeping the exposure to non-Euro currencies below 50%.
- viii. For both hedging and investment purposes, the Sub-Fund may use financial derivative instruments products traded on a regulated market. In particular, the Sub-Fund may at all time take exposure to derivatives on any eligible underlying,

- such as equity or bond indices, transferable securities, interest rates and currencies, at all times in compliance with the Grand Ducal Regulation.
- ix. In addition, derivative instruments traded over the counter (OTC) may only be used for hedging purpose (for instance, currency forward may be used in order to hedge the exposure to eventual foreign currencies to which the Sub-Fund underlying may be denominated). Such instruments can be used provided they are contracted with first class financial institutions specialized in this type of transactions.
 - x. If the Investment Manager considers this to be in the best interest of the investors, and notably for defensive purposes, the Sub-Fund may also, hold, up to 100% of its net assets, liquidities such as (but not limited to) cash deposits, Money Market Funds.

The Sub-Fund is not managed in reference to a benchmark.

The Sub-Fund issues distribution shares Class A and accumulation shares Class B.

The Share Class's currency is EUR. The Sub-Fund's reference currency is EUR.

The aforementioned investment strategy corresponds for the investors with a medium investment risk profile. The Sub-Fund has no capital guarantee and assumes medium risk when investing in securities, thus, potential gains or losses may be significant. The risk category is neither a target nor a guarantee and may shift over time

This Sub-Fund is addressed to investors who intend to benefit from the global financial market trends with a medium level of volatility.

This Fund is quoted on a daily basis.

Risk and Reward Profile

The risk/return indicator shows the correlation between risk and returns. Historical data may not be a reliable indication for the future. The risk category shown is not guaranteed and may shift over time. The lowest category does not mean 'risk free'.

The risk category of the Sub-Fund is 4 and is calculated from historical data or simulated historical data of the underlying securities when the real data is not sufficient. Past performance is not necessarily a reliable indicator of the Sub-Fund's future risk and reward profile.

The following risks may materially impact the Sub-Fund but are not captured by the indicator:

Credit risk: The default of the issuer of a debt instrument held by the Sub-Fund.

Liquidity risk: Securities in the Sub-Fund may be sold below their valuation due to insufficient liquidity in the market.

Counterparty risk: A counterpart may fail paying the proceeds related to the sale of securities by the Sub-Fund or may fail delivering the securities purchased by the Sub-Fund. A counterpart of the Sub-Fund in an OTC derivative may fail satisfying its obligations towards the Sub-Fund at any event of the OTC derivative agreement.

Operational risk: Failures or delays in operational processes may negatively affect the Sub-Fund.

Derivatives risk: Derivatives may be used to increase, lower or maintain the risk level of the Sub-Fund. The derivative strategy may fail resulting in significant losses for the Sub-Fund.

Currency risk: Exchange rate fluctuations may negatively affect the value of the Sub-Fund's investments.

Event Risk: The overall value of all types of investments may be affected by devaluations, political and governmental interventions in relevant markets or irregular and sudden market fluctuations.

The above mentioned list of risk factors is not exhaustive. Other factors may influence the pricing of the underlying securities and therefore the value of the Sub-Fund's investments.
