FOREWORD

The Board of Directors and the Management Committee of the Bank share the conviction that the success of the bank depends directly on the behaviour of each employee.

With this Code of Conduct, we define the principles and the rules applicable in matters of professional ethics and behaviour. It defines Banque Havilland's ethical standards and the way we conduct business.

This Code of Conduct is a guide for our actions and decisions. There are no specific rules that can apply to every situation. Rather, the Code of Conduct should be sufficiently embedded to ensure that, aided by personal judgement, the spirit of this Code of Conduct is always respected.

We place our trust in all our employees to fully engage with these values and principles, which underpin our contribution to society, our unity and our success.

The Code applies to Banque Havilland S.A., as well as its branches, subsidiaries and representative offices. It is applicable to all employees of the Bank. It covers our activities with all stakeholders, clients, regulators and business partners.
