DISCRETIONARY ASSET MANAGEMENT SERVICES¹

Our Discretionary Asset Management Services have been designed for Clients who wish to entrust the management of their assets to our experts. Our experts will define and manage an investment strategy that meets the Clients financial needs and objectives.

Our experienced team will look after the portfolio on a daily basis and will be in regular contact with Clients for performance updates, valuations and general updates as required.

The Bank offers five different types of discretionary asset management mandates which are detailed below.

We refer to our dedicated Investment Services brochure for more information on these mandates.

MANAGED FUNDS PORTFOLIO

The Managed Funds Portfolio invests exclusively in a wide range of funds with the strategic asset allocation for each portfolio being based on the Client's investment and risk profile.

Our Clients benefit from the experience, insight and disciplined investment approach of the Banque Havilland Investment Committee. A strong investment process provides access to a carefully selected set of active fund managers and collective investment funds.

¹ The Discretionary Asset Management Services applies an all in fee. This covers fees for all the management services and administration of your portfolio, transactions made as part of the portfolio management, safekeeping fees and corporate actions. The fee is calculated on the Client's gross assets, including cash balances. This calculation is based on the month-end balance of the account and is collected quarterly in arrears by direct debit from the account. Applicable VAT will be added and third-party fees are charged separately.
