What is this product?

Type

The Sub-fund is part of BA³ STRATEGIC INVESTMENT SICAV fund. The Fund is an open-ended investment company with variable capital, incorporated in the Grand Duchy of Luxembourg as a "Société Anonyme". This Fund is authorised and supervised in Luxembourg by the CSSF.

Term

The investment horizon is medium term and should be at least 3 years.

Objectives

The Sub-Fund is actively managed. The investment objective of the Sub-Fund is to seek to maximise total return, consistent with the preservation of capital and prudent investment management. The investment strategy seeks to deploy the Sub-Investment Manager's total return investment process and philosophy. This process includes both top-down and bottom-up decision-making inputs to identify multiple sources of value, with an emphasis on securities with a shorter maturity.

Intended retail investor

Reserved for retail and institutional investors. The investment strategy corresponds for the investors with a low investment risk profile. Typical investors in the Fund will be investors who are looking to maximise total return and focus on capital preservation and are looking for a diversified exposure to primarily European fixed income markets, focusing on securities with a shorter duration, and who are willing to accept the risks and volatility associated with investing in such markets.
