What is this product?

Type

The Sub-fund is part of BA³ STRATEGIC INVESTMENT SICAV fund. The Fund is an open-ended investment company with variable capital, incorporated in the Grand Duchy of Luxembourg as a "Société Anonyme". This Fund is authorised and supervised in Luxembourg by the CSSF.

Term

The investment horizon is medium term and should be at least 3 years.

Objectives

The Sub-Fund is actively managed. The objective of the Sub-Fund is to gain exposure to global equity and fixed income markets by mainly investing through UCITS/UCIs including ETFs. The Sub-Fund is managed with a risk aware approach and is diversified across regions and sectors. The indirect maximum exposure to Russia and China through all the different fund investments is limited to 20% on China and 10% on Russia. "Crescita equilibrata" (Balanced Growth) recalls the need for capital growth but with a balanced approach in terms of allocation, to which the Sub-Fund responds through a multi asset allocation with equity weight between 40% and 60%.

Intended retail investor

Reserved for retail and institutional investors. The investment strategy corresponds for the investors with a medium investment risk profile.

What are the risks and what could I get in return?

Risk Indicator:

The risk indicator assumes you keep the product until 3 years.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because the fund are not able to pay you.

We have classified this product as 6 out of 7, which is the second-highest.

This rates the potential losses from future performance at a high level, and poor market conditions are very unlikely to impact our capacity to pay you.

Other risks: Credit risk, Liquidity risk, Counterparty risk, Operational risk, Derivatives risk, Currency risk, Event Risk.

This product does not include any protection from future market performance so you could lose some or all of your investment.

What happens if Adepa Asset Management S.A. is unable to pay out?

The investments of the fund are held separately from the assets of Adepa Asset Management S.A. as fund management company and from the corresponding custodian bank. Thus, you will not lose your investment in the event of a possible insolvency of Adepa Asset Management S.A.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- Investment: 10,000 EUR.

Costs over Time	If you exit after 1 year	If you exit after 3 years
Total costs	159.35 EUR	417.29 EUR
Annual cost impact (*)	1.59%	1.24%

This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 6.64 % before costs and 5.31 % after costs.

Composition of Costs

The table below shows the impact if you exit after 1 year.
